RULING ON ENTITLEMENT¹

On October 7, 2020, Megan Morey filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a left shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving an influenza (“flu”) vaccine on March 4, 2019. Petition at 1, ¶ 3. Petitioner further alleges that she received the vaccine in the United States, that she suffered the residual effects of her SIRVA injury for more than six months, and that neither she nor any other party has filed any additional civil action or received compensation for her SIRVA injury. Petition at ¶¶ 3, 21-23. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

On June 29, 2022, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent has "concluded that [P]etitioner's claim meets the Table criteria for SIRVA." *Id.* at 11. Respondent further agrees that "based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
